## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claim 22 is rejected under 35 U.S.C. 102(e) as being anticipated by Kameyama et al (US 7,046,941).

Kameyama et al discloses a printer (Col. 1, line 13) comprising first door (i.e. front cover 16, Fig. 20, Col. 8, line 19)), second door (i.e. side cover 93, Figs. 9, Col. 17, lines 24-27), third door (i.e. side cover 93, Fig. 10, Col. 17, lines 24-27), and fourth door (i.e. document pressing cover 83, Fig. 11, Col. 17, line 51) provided to open front, left, right, and top sides of a housing of the printer.

### ***Allowable Subject Matter***

3. Claims 1-15, 17-21 and 28 are allowed.
4. Claims 23-27 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
